Report of the Statutory Auditor to the Foundation Council of DCAF - the Geneva Centre for Security Sector Governance, Geneva

Report of the Statutory Auditor on the Financial Statements

As statutory auditor, we have audited the accompanying financial statements of DCAF - the Geneva Centre for Security Sector Governance, which comprise the balance sheet, profit and loss statement, cash flow statement, statement of changes in restricted and organizational funds and notes for the year ended 31 December 2021. As permitted by Swiss GAAP FER 21 the information in the performance report is not required to be subject to audit.

Foundation Council's responsibility

The Foundation Council is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and Swiss GAAP RPC and the Foundation's deed and internal regulations. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Foundation Council is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year ended 31 December 2021 comply with Swiss law and Swiss GAAP RPC and give a true and fair view of the financial positions, the results of operations and the cash flows in accordance with Swiss GAAP RPC.

Other Matter

The financial statements of DCAF - the Geneva Centre for Security Sector Governance for the year ended 31 December 2020 were audited by another auditor who expressed an unmodified opinion on those statements on 4 May 2021.

Report on Other Legal Requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (article 728 CO) and that there are no circumstances incompatible with our independence.

In accordance with article 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Foundation Council.

We recommend that the financial statements submitted to you be approved.

Notes to the financial statements

1. General information

DCAF - Geneva Centre for Security Sector Governance is one of the world's leading institutions in security sector governance and reform. The Centre provides in-country advisory support and practical assistance programs, develops and promotes appropriate democratic norms at the international and national levels, advocates good practices and makes policy recommendations to ensure effective democratic governance of the security sector.

DCAF is a Geneva-based Foundation with broad international support, established in 2000 on the initiative of the Swiss government. DCAF's Foundation Council brings together representatives of more than 50 states and the Canton of Geneva. Combining strong operational capabilities and field presence with the weight of a world-renowned think tank, DCAF has 210 staffs, 14 field offices and has operated in more than 80 countries worldwide.

These financial statements were approved by the members of the Foundation Council on 15 June 2022.

The principal accounting policies applied in the preparation of these financial statements are set out below.

2. Significant accounting policies

2a Presentation

To conform to the presentation adopted in the current year, certain amounts from the prior year have been reclassified.

2b Accounting conventions

DCAF's financial statements have been prepared in accordance with the statutes of DCAF and the policies described in the notes that follow.

As recommended by the Swiss Federal Audit Office the accounting policies applied are in compliance with the entire Swiss GAAP FER (Swiss Accounting and Reporting Recommendations), revised in 2014, specifically Swiss GAAP FER 21, which applies to non-profit organizations.

Information required by Swiss GAAP FER on the performance of DCAF, and not disclosed in the financial report, is included in the annual report.

The financial statements have been prepared using the historical cost convention, and are presented in Swiss francs (CHF), being the currency of the primary economic environment in which DCAF operates. The income statement is presented using the classification of expenses by function. The statements are based on economic values and present a true and fair view of DCAF's assets, financial position and results of operations.

2c Valuation principles

Accounts receivable are amounts due from parties for services performed in the ordinary course of business and are stated at their nominal value. Fixed assets are stated at their historical cost, less accumulated depreciation. Current liabilities are stated at their nominal value. Accounts payable are classified as current liabilities if payment is due within one year or less; if not, they are presented as non-current liabilities.

2d Scope of the financial statements

The scope of the financial statements of DCAF includes:

- The accounts of DCAF Geneva, a Foundation governed by Swiss law
- The accounts of DCAF field offices located overseas, and under the control of DCAF Geneva
- From 2018, consolidation of the accounts of DCAF Ljubljana

DCAF Ljubljana, while controlled by DCAF Geneva, operates as an independent legal entity, under the jurisdiction of the European Union (EU). DCAF Ljubljana neither acts as a subsidiary of DCAF Geneva, nor subcontracts activities to DCAF Geneva. EU funds donated to DCAF Ljubljana are fully controlled and managed by DCAF Ljubljana.

From 2018 these financial statements include the accounts of DCAF Ljubljana. Balances of DCAF Ljubljana have been consolidated in their entirety using the acquisition method. Balance sheet accounts are translated into CHF using the exchange rate at 31 December 2021, while income and expenses are translated using the average rate for the year.

2e Cash and cash equivalents

Cash and cash equivalents comprise bank balances including cash on hand and deposits held with banks, which are available on demand.

2f Foreign exchange

Monetary assets and liabilities denominated in currencies other than CHF, are converted to CHF using the exchange rate at the end of the year. The main year-end exchange rates are shown in the table below (equivalent in CHF for one currency unit).

	2021	2020
Euro	1.036	1.087
Norwegian Krone	0.103	0.104
Pound Sterling	1.234	1.216
United States Dollar	0.911	0.890

Foreign currency transactions are translated to CHF using the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the year-end translation of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

Translation of the assets and liabilities of DCAF Ljubljana from Euro to the DCAF functional currency of CHF, result in a Cumulative Translation Adjustment (CTA) which is reflected under ‘Organizational Capital and Funds’ in the balance sheet.

2g Donor funding receivables

Donor funding receivables correspond to funds owed to DCAF by third parties according to a formal agreement. They result from the differences between the total amount of the grant and the funds received for each of these agreements.

2h Fixed assets

The tangible and intangible assets held by DCAF are considered to be fixed assets when they:

- Are held to be used for the activity or for administrative purposes
- Are expected to be used over more than one year

As an exception to this principle, DCAF charges the full cost in the year of acquisition, of all tangible and intangible assets used on projects. This situation can be justified due to the difficulty in determining, in a reliable way, their useful life.

2i Depreciation and amortization

Depreciation and amortization are calculated on a straight-line basis over the expected useful life of the assets. All assets are assumed to have no residual value.

	Period
Computer equipment	3 to 5 years
Computer software & installations	3 to 5 years
Furniture & equipment	3 to 5 years
Other intangible assets	3 to 5 years

2j Provisions

Provisions are recognized if an event in the past gives rise to a justified, likely obligation, which is of uncertain timing or amount, but which can be reliably estimated.

Provisions are measured on the basis of the estimated amount of money required to satisfy the obligation.

2k Revenue recognition

Income from public contributions includes both core and project funding, while income from private contributions includes only project funding. Income from grant agreements between donors and DCAF, is recognized in the year in which the financed expenditure is incurred. Outstanding restricted grant amounts at year-end to be used in future years, are recognized under the section “Deferred income on donor funding”, where there are reimbursement clauses in the donor contract but these have not been substantially fulfilled.

A restricted fund is created either due to the explicit intent on the part of the donor, or due to the specifics of the grant that imply a restriction on the part of the donor. All other income is determined to be unrestricted.

2l Expenditure classification

Mandate-related expenditure comprises programme and project, and core mandate implementation expenditure.

- **Programme and project implementation** expenditure represents expenses directly associated with specific activities of DCAF either in the field, internationally, or at headquarters, funded through a specific programme or project grant. These expenses include local expenses as well as those incurred at headquarters in connection with a specific programme or project.
- **Core mandate implementation** expenditure represents expenses incurred for operational activities in pursuit of DCAF's mandate, including costs incurred by country and thematic divisions and departments to:
 - Lead and oversee the implementation of core-funded programmes and projects
 - Provide technical support, support for developing strategies, and monitor and evaluate projects.

This category of expenses includes activities which cannot typically be funded through dedicated programme or project grants, but which are nevertheless essential for the delivery of DCAF's mandate, such as lessons identification, knowledge management, and outreach.

Management and administration expenditure represents the management and running costs of the Foundation, which have not been apportioned to a specific programme and project budget. This includes cost elements such as management and human resources support, corporate finance and accounting, facilities, safety and security, communications, and organizational development.

Within DCAF management and administration, management and corporate support services include the salaries of all members of the Director's Office, two members of DCAF's senior management team and the salaries of all members of DCAF's Resources Department.

2m In-kind contributions

In-kind contributions are not recorded in the financial statements but are disclosed in the notes to the financial statements for information purposes.

The in-kind contributions are listed based on the principle that the services rendered to DCAF must be free and excluding the involvement of a monetary transfer.

3. Tax exemption

DCAF Geneva qualifies for exemption from local and federal income and capital taxes, according to Article 9.1 (f) of the law on taxation of legal persons (LIPM), as well as complete exemption from inheritance tax and registration duties.

The direct federal tax exemption was obtained in 2006 and renewed in 2016.

4. Performance report

In accordance with Swiss GAAP FER 21, DCAF produces a separate performance report which is validated by the Bureau and approved by the Foundation Council.

5. Management of financial risks

We draw your attention to the following items:

5a Foreign exchange risk

DCAF Geneva is exposed to exchange rate fluctuations on the portion of its income and expenses denominated in foreign currencies. DCAF has no foreign exchange risk hedging policy and converts currencies as and when required.

5b Banking risk

The majority of DCAF's bank accounts are with Credit Suisse in Switzerland, which has a low risk of default. In the countries in which it has local offices, DCAF works with several local banks. The policy is to limit the level to that required for running costs and operational needs.

5c Counterparty risk

Counterparty risk is limited, as most third party receivables are due from governments or public bodies.

6. Cash and cash equivalents

	2021	2020
	CHF	CHF
Petty cash	58 413	33 130
Bank accounts	14 469 422	18 097 833
Total cash and cash equivalents	14 527 835	18 130 963

Bank account balances are significantly influenced by the timing of receipts from donors, therefore this note should be read in conjunction with Note 14 Deferred income on donor funding.

Balance at 31.12.2021	339 730	375 831	-	-	715 561

14. Deferred income on donor funding

	2021	2020
	CHF	CHF
Total deferred income on donor funding	11 563 595	13 475 884

Per note 2k, deferred income represents outstanding grant amounts at year-end, to be used in future years; notes 17.1, 17.2.

15. Pension Plan Obligations

DCAF Switzerland employees benefit from a scheme covering retirement, invalidity pension and death, according to the provisions of the Swiss Federal Law for occupational retirement (LOB). The occupational benefits are provided by a semi-autonomous collective Foundation, the Vita Joint Foundation (VJF), according to a defined contribution plan. The Plan is funded by the contributions of DCAF and its employees. The plan covers the usual occupational benefits: retirement and invalidity pension, and death benefits.

The investment yield has no impact on premiums; the employer does not guarantee the benefit amount.

The VJF took out a group life insurance agreement with Zurich Life Insurance Company Ltd. to cover the actuarial risks of death and disability. The VJF is the policyholder and beneficiary. The VJF bears the risk of longevity (from 1 January 2016) and the investment risk.

As of 31 December 2021, 131 employees were enrolled in the plan (2020: 139 employees). Total contributions in 2021 were CHF 1,473,176 (2020: CHF 1,448,940). As of 31 December 2021, the coverage ratio is 115.0% (2020: 107.9%). Due to the coverage ratio, no liability was recognized in the balance sheet.

16. Dedicated Funds

These funds are constituted through the appropriation of profits carried forward in order to cover a potential but specific future risk or a liability that DCAF may be required to pay. Regulation through the Allocation Committee has been established for these funds.

Dedicated Funds have been dedicated by the Allocation Committee, as not being available to meet current expenditure but rather to be maintained in the interest of the long-term financial stability of the Foundation. Dedicated funds at 31 December 2021 comprise:

- Stepping Forward project: Created to allow DCAF to attract and retain the best internal and external talent, by addressing anomalies within the gender balance and compensation and benefits offered to employees.
- Risk Management, Knowledge Generation and Information and Knowledge Sharing: This encompasses the previous 'IT/Sharepoint/Knowledge Management' dedicated fund, within a broader definition: Created to enable risk Management, knowledge generation and improve information and knowledge sharing across the organization.
- Foreign Exchange: Created to absorb potential adverse foreign exchange variances, either on donor funds, or year-end revaluations of bank balances.

18. In-kind contributions

The following in-kind contributions were provided to DCAF in 2021:

- The French government seconded the Senior Security Sector Advisor to the Director and directly covered his salary.
- The French government seconded the Security Sector Advisor to the Sub-Saharan Africa Division and directly covered her salary.
- The Austrian government seconded one member of staff to the PCC SEE Secretariat and directly covered his salary.
- The Parliament of the Republic of North Macedonia provided an office, including utilities for DCAF staff in the Parliament building.
- The ‘Academy for Judges and Public Prosecutors, Pavel Shatev’ of the Republic of North Macedonia provided a venue for signing the cooperation agreement, travel costs for participants in training courses delivered by DCAF and logistical support for events organized by DCAF.
- ‘RESDAL Red de Seguridad y Defensa de America Latina’ seconded two staff to the project ‘Reducing Barriers for Uniformed Women in UN Peace Operations’ for a value of CHF 3,690.
- The United Kingdom government seconded a police commissioner to the International Security Sector Advisory Team for the project ‘Police Advisory Committee’, for a value of approximately CHF 4,000.
- The support received for Information and Communication Technology (ICT) hosted by the GCSP, amounted to CHF 523,303. These costs were directly covered by the government of Switzerland.
