

## DCAF's Cybersecurity Talks

### Communication When it Counts Most

Join us for the launch of the practical, timely publication, "Booklet on Crisis Communications".

The authors, communications experts Sanja Savić and Jovan Krivokapić, will provide a snapshot of:

- Crisis and crisis communication
- The golden period before crisis occurs
- Communication during crisis
- What to do after a crisis

In a poly-crisis world, crises hit when they are least expected, demanding quick responses—particularly communications. This is why preparation and planning, following good practice, are essential. [Register here!](#)
